

Neurons with the Most Pre- and Post-Synaptic Sites

in the Layer 2/3 EM volume

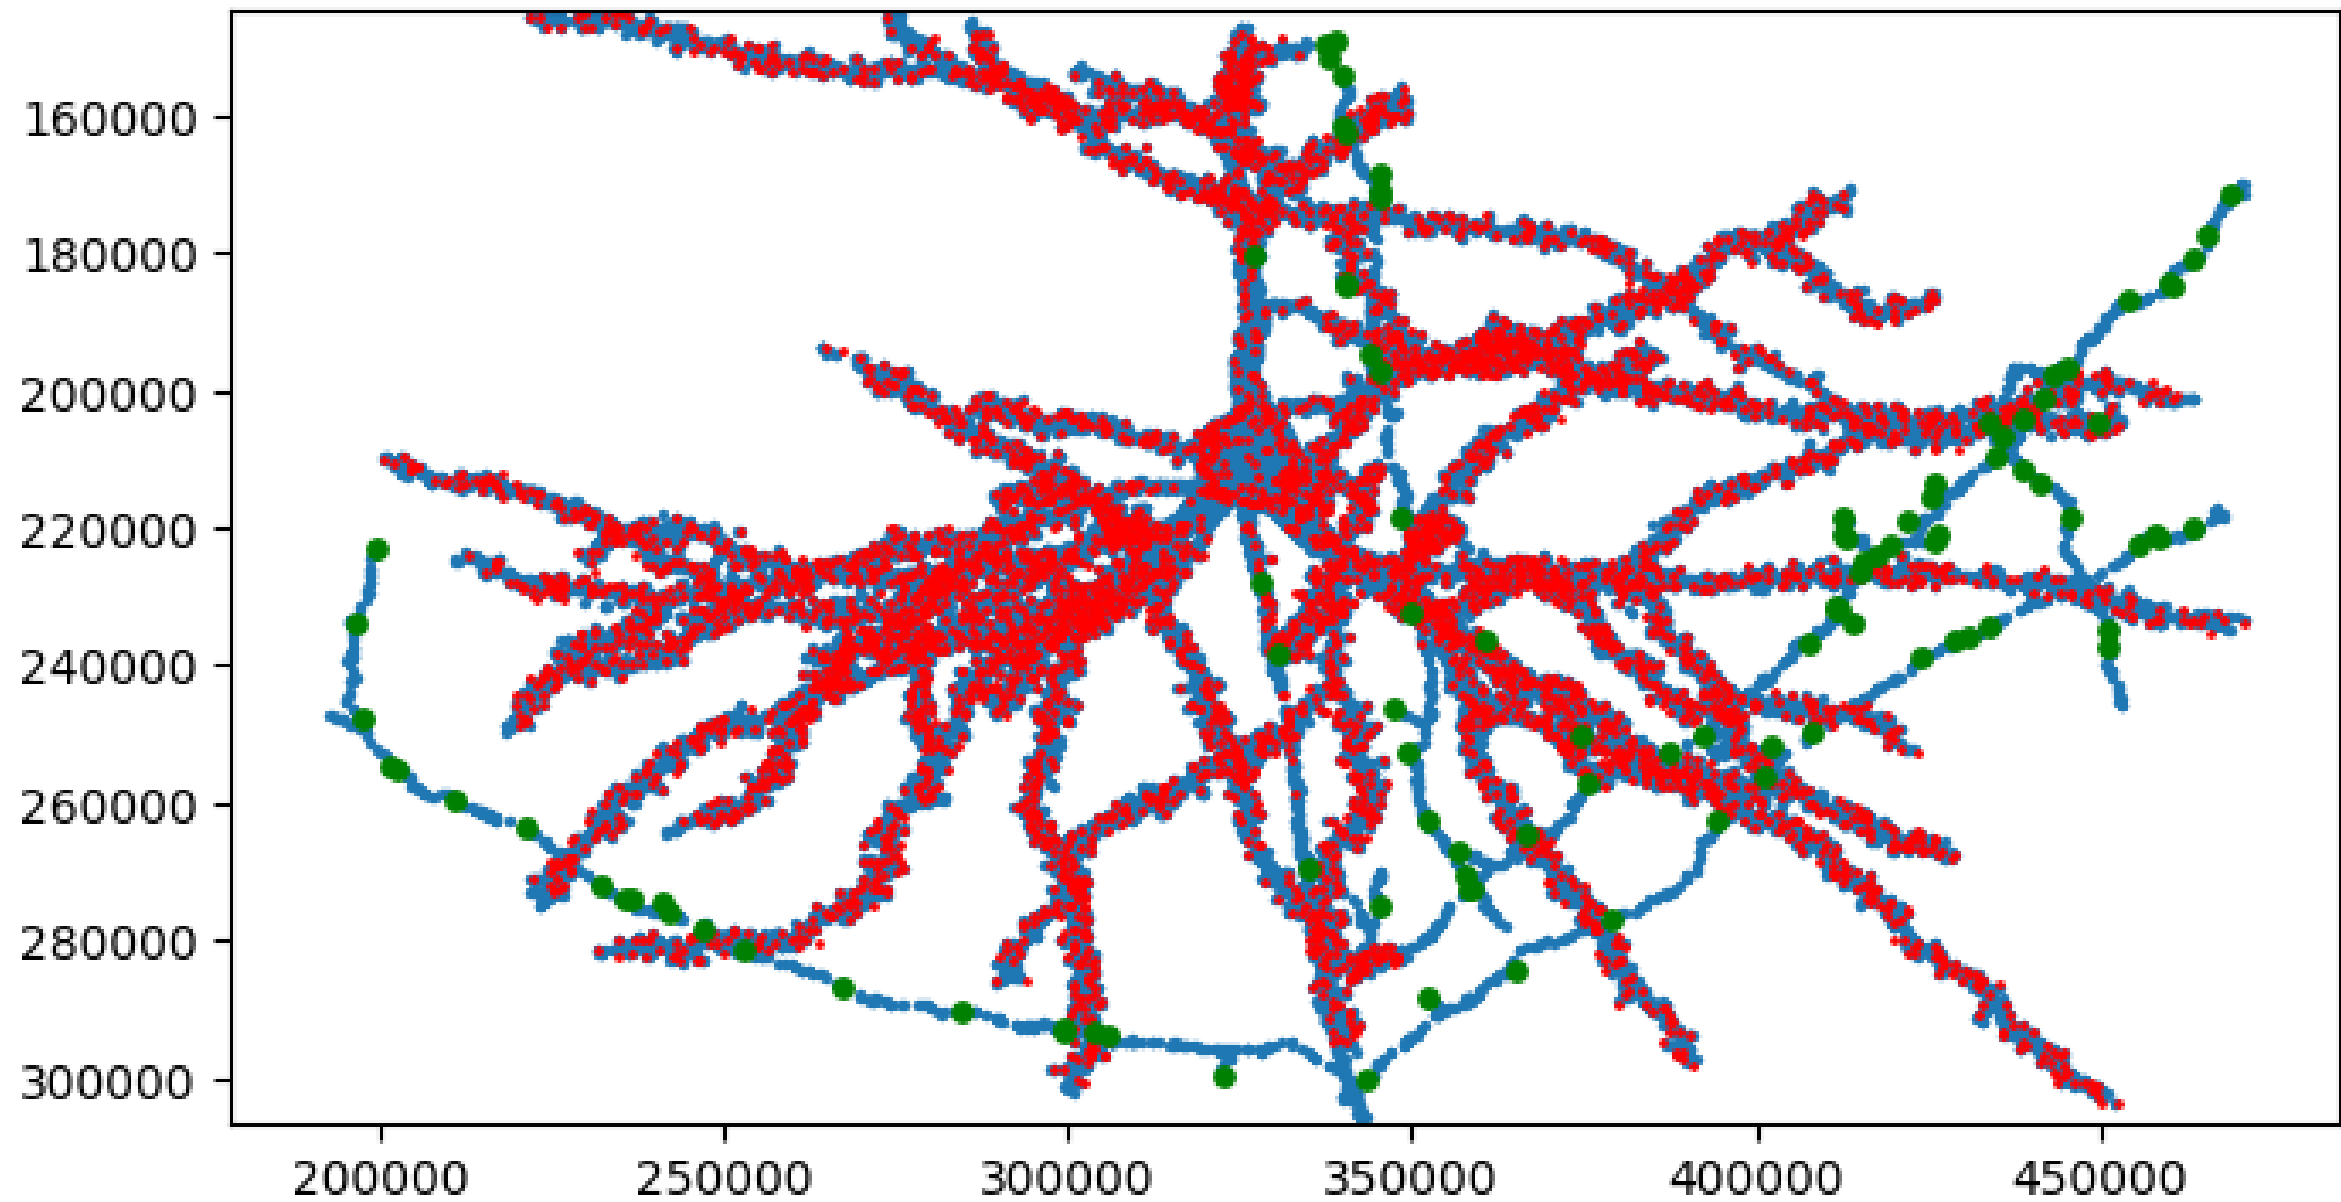

Neuron with the most pre-synaptic sites in volume (n=1475)

Post-synaptic sites (n=4891) Pre-synaptic/axonal sites (n=1475)

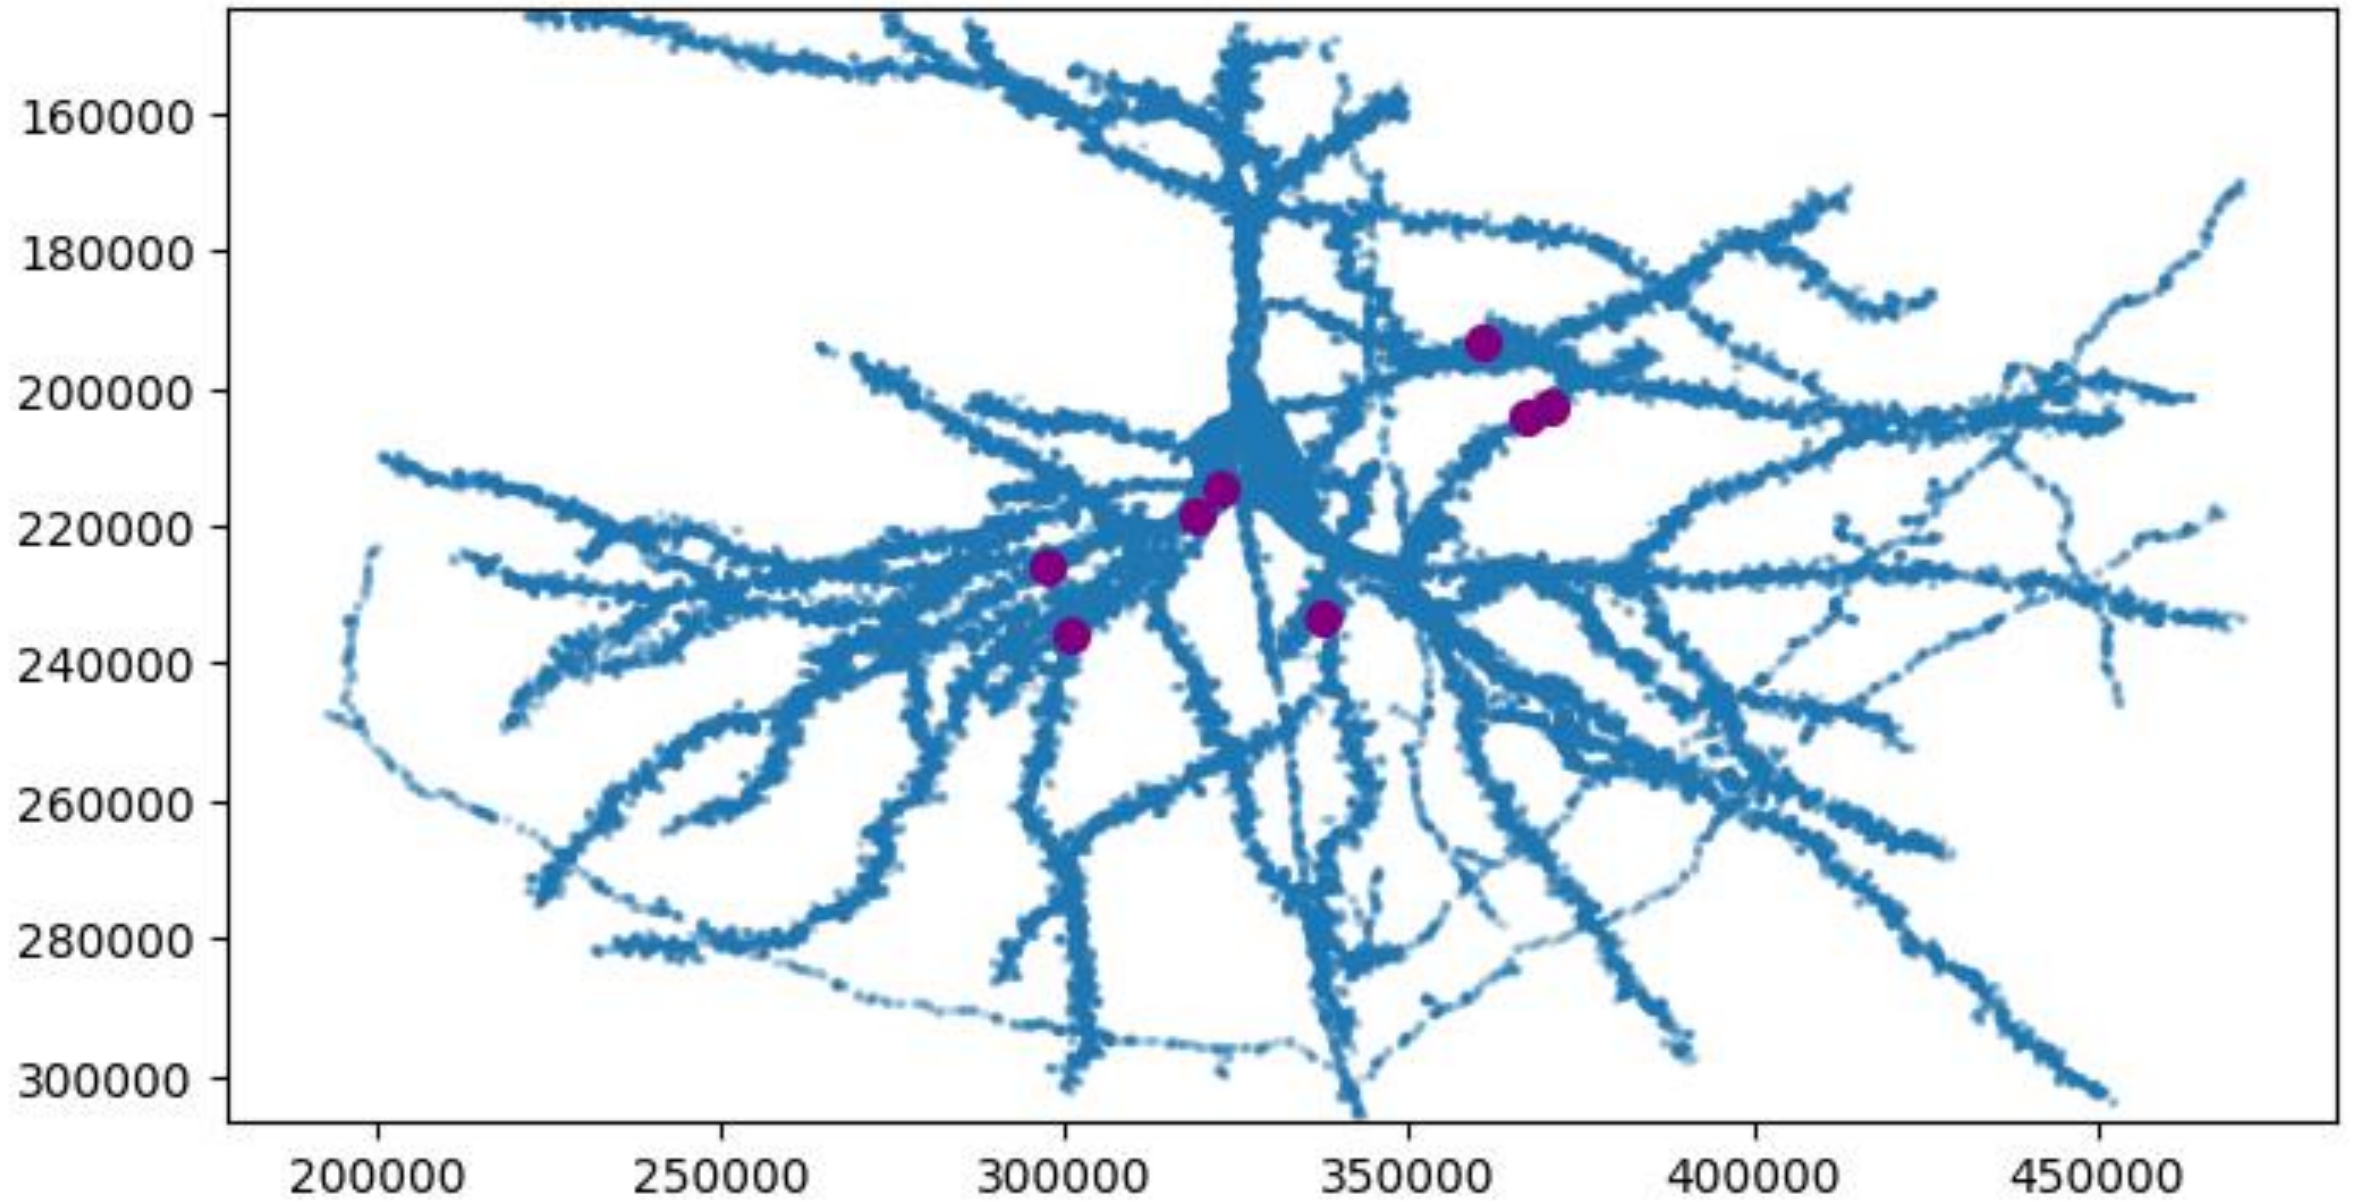

Neuron with the most post-synaptic sites in the volume (n=5369)

Post-synaptic sites (n=5369) Pre-synaptic/axonal sites (n=106)

Neuroglancer view of both neurons together

Basket cell synaptic sites onto the pyramidal neuron (n=8)

Pyramidal Neuron (e)

648518346349538440

Basket Neuron (i)

648518346349539215
